

You're Invited to Attend Compeer's Dairy Industry Webinar on March 20

The dairy industry is full of variables: market fluctuations, weather shifts and economic cycles. During this online session, Sara Dorland, Managing Partner at Ceres Dairy Risk Management, will discuss changes in the industry you should be aware of.

Learn more about:

- Changes in trends, trade and policy
- Strategies for risk management in your business plan
- Leading indicators in the dairy industry
- Discussion on processors
- And, you'll have the opportunity to ask questions

Register now, the webinar is **free!**
